

CSA Multilateral Notice and Request for Comment Proposed Amendments to National Instrument 45-106 *Prospectus Exemptions* relating to Reports of Exempt Distribution

June 8, 2017

Introduction

The Canadian Securities Administrators (**CSA** or **we**) are publishing for a 90-day comment period proposed amendments (the **Proposed Amendments**) to National Instrument 45-106 *Prospectus Exemptions* (**NI 45-106**) that would amend the report of exempt distribution set out in Form 45-106F1 *Report of Exempt Distribution* (the **Report**). The British Columbia Securities Commission did not publish the proposed instrument for comment, although staff anticipates doing so in the near future, after obtaining necessary approval.

The Proposed Amendments are set out in Annex A of this notice. Certain other relevant information is set out in Annexes B through D. This notice will also be available on the following websites of CSA jurisdictions:

Substance and Purpose

Issuers and underwriters who rely on certain prospectus exemptions to distribute securities are required to file the Report within the prescribed timeframe.

The Proposed Amendments:

- provide greater clarity and flexibility regarding the certification requirement of the Report while still supporting the regulatory objectives of filed Reports being true and complete, and
- streamline certain information requirements to assist filers in completing the Report while still providing us with the information necessary for oversight and policy development.

The Proposed Amendments are primarily intended to address concerns expressed by foreign dealers conducting offerings into Canada, and Canadian institutional investors, about the unintended effects of the certification requirement and other information requirements in the

Report on these offerings. However, we believe the Proposed Amendments will be beneficial to all filers.

The Proposed Amendments also include minor amendments addressing feedback received by CSA staff following the implementation of the Report.

Background

In April 2016, we published the Report which came into force in all CSA jurisdictions on June 30, 2016.¹ The Report replaced both the prior version of Form 45-106F1 *Report of Exempt Distribution* and Form 45-106F6 *British Columbia Report of Exempt Distribution*. The Report was intended to:

- 1) reduce the compliance burden for issuers and underwriters by having a harmonized report of exempt distribution, and
- 2) provide securities regulators with the necessary information to facilitate more effective regulatory oversight of the exempt market and improve analysis for policy development purposes.

In spring and summer 2016, CSA staff became aware of concerns expressed by foreign dealers conducting offerings into Canada, as well as Canadian institutional investors, about the certification requirements and certain information requirements in the Report. We understand that in certain instances, Canadian institutional investors noted that they had been excluded from participating in foreign offerings into Canada in part due to dealers' concerns regarding the certification of the Report as well as the more extensive information required in the Report.

As a result of these concerns, we provided relief from the requirement to disclose whether a purchaser is a registrant or an insider of the issuer in certain circumstances. This relief was provided by all CSA members, except Ontario, by issuing blanket orders effective June 30, 2016 (the **Blanket Order Relief**). In Ontario, the relief was provided through an Ontario-only amendment that came into force on July 29, 2016.

We understood that there continued to be difficulties in respect of the certification, creating unintended complications in respect of access by Canadian institutional investors to foreign investment opportunities. On September 29, 2016, CSA staff re-issued CSA Staff Notice 45-308 (Revised) *Guidance for Preparing and Filing Reports of Exempt Distribution under National Instrument 45-106 Prospectus Exemptions* to alleviate certain of the concerns raised regarding certification and other matters. The Proposed Amendments are intended to further address these concerns.

¹ In Ontario, the Report was amended on July 29, 2016 as further described in this section of the notice.

Summary of the Proposed Amendments

The key Proposed Amendments together with an explanation of the rationale for each change are summarized below.

Certification

Item 10 of the Report requires that a director or officer of the issuer or underwriter certify that he or she has read and understood the Report and all of the information provided in the Report is true.

We propose to amend the certification to:

- clarify that the individual certifying the Report is doing so on behalf of the issuer or underwriter,
- require the individual to certify that the information provided in the Report is “true and, to the extent required, complete”,
- include a knowledge qualifier,
- permit authorized agents to sign the certification, and
- remove the bold all-caps statement that it is an offence to make a misrepresentation and replace it with a reminder of the obligation to file the Report.

Annex B to this notice includes a blackline of Item 10 indicating the proposed changes and the rationale for each change.

Information Requirements

The table below describes the Proposed Amendments relating to certain information requirements in the Report.

Information Requirement	Proposed Changes
Item 5 – Issuer Information & Item 6 – Investment Fund Issuer Information	
Item 5g) Public listing status and Item 6e) Public listing status of the investment fund	<p>The Report requires filers to provide the names of all exchanges on which the issuer’s securities are listed.</p> <p>We propose to amend each of these Items so that filers are only required to provide the name of the exchange on which the issuer’s securities primarily trade. Filers will still only need to include the name of an exchange for which the issuer has applied for and received a listing.</p> <p>We believe this amendment will reduce the burden on filers completing the Report for issuers with securities listed on multiple exchanges globally, while still</p>

	providing information that is relevant for our analysis of exempt market activity.
Item 9 – Directors, Executive Officers and Promoters of the Issuer	
Issuer exemption category	<p>The Report contains an exemption from the information requirement of this Item for five categories of issuers and requires filers to consider and indicate whether each of the exemption categories is applicable to the issuer.</p> <p>We propose to amend this Item so that filers are only required to indicate one of the applicable exemption categories.</p> <p>We believe this amendment will reduce the burden on filers by limiting the time and analysis necessary to determine whether an exemption from information required by the Item is available.</p>
Schedule 1 – Purchaser Information	
Details of exemption relied on if relying on section 2.3 [<i>Accredited investor</i>] of NI 45-106²	<p>Schedule 1 to the Report requires filers to provide the paragraph number in the definition of "accredited investor" in section 1.1 of NI 45-106 that applies to the purchaser.</p> <p>We propose to amend Schedule 1 to allow issuers distributing securities to non-individual permitted clients to indicate this without having to specify the applicable paragraph number in the definition of "accredited investor" in section 1.1 of NI 45-106.</p> <p>We believe this amendment will reduce the burden on filers completing Schedule 1, particularly in circumstances where an issuer is distributing eligible foreign securities only to permitted clients, while still providing information about individual purchasers that will assist in our compliance programs and future policy work.</p>

² In Ontario, the accredited investor exemption is set out under subsection 73.3(2) of the *Securities Act* (Ontario).

Other Amendments

The Proposed Amendments also include other minor amendments that:

- reflect changes to how the Bank of Canada publishes foreign exchange rate data,
- reflect the Blanket Order Relief, except in Ontario where the relief has already been adopted,
- clarify certain instructions, and
- update the contact information of the securities regulatory authority or regulator in each local jurisdiction.

We have also included an amendment to the exemption section of NI 45-106 which clarifies the exemption granting authority in Alberta.

Local Matters

Annex D includes, where applicable, additional information that is relevant in a local jurisdiction only.
