Decision

Background

As set out in Canadian Securities Administrators (**CSA**) Staff Notice 21-327 *Guidance on the Application of Securities Legislation to Entities Facilitating the Trading of Crypto Assets (Staff Notice 21-327)* and Joint CSA/Investment Industry Regulatory Organization of Canada (**IIROC**) Staff Notice 21-329 *Guidance for Crypto-Asset Trading Platforms: Compliance with Regulatory Requirements (Staff Notice 21-329)*, securities legislation applies to crypto asset trading platforms (**CTPs**) that facilitate or propose to facilitate the trading of instruments or contracts involving anything commonly considered a crypto asset, digital or virtual currency, or digital or virtual token (a **Crypto Asset**) because the user's contractual right to the Crypto Asset may itself constitute a security and/or a derivative (a **Crypto Contract**).

To foster innovation and respond to novel circumstances, the CSA has considered an interim, time-limited registration that would allow CTPs to operate within a regulated environment, with regulatory requirements tailored to the CTPs' operations. The overall goal of the regulatory environment is to ensure there is a balance between the need to be flexible and to facilitate innovation in the Canadian capital markets, while upholding the regulatory mandate of promoting investor protection and fair and efficient capital markets.

The Filer is currently registered in the category of restricted dealer in all provinces and territories of Canada. In connection with its registration as a restricted dealer, the Filer previously applied for and received exemptive relief in a decision dated May 30, 2024 (the **Prior Decision**) which varied and extended a decision dated May 30, 2022 (the **Original Decision**).

Under the terms and conditions of the Original Decision and the Prior Decision, the Filer has operated, and continues to operate, on an interim basis, a platform (the **Platform**) that permits clients resident in Canada to enter into Crypto Contracts to purchase, hold, sell, deposit, and withdraw Crypto Assets.

The exemptive relief granted under the Prior Decision expires on January 31, 2025, and required the Filer, by October 31, 2024, to submit an application to its Principal Regulator and the Autorité

des marchés financiers (**AMF**) to become registered as an investment dealer, and to submit an application to the Canadian Investment Regulatory Organization (**CIRO**), formerly IIROC, to become a dealer member.

The Filer has prepared and submitted to CIRO a membership application and has been working with CIRO to improve the submissions in its application.

The Filer has submitted an application to extend the relief in the Prior Decision in order to allow the Filer to complete the CIRO membership process while continuing to operate the Platform past January 31, 2025 on an interim basis as a restricted dealer.

This Decision has been tailored for the specific facts and circumstances of the Filer, and the securities regulatory authority or regulator in the Applicable Jurisdictions (as defined below) will not consider this Decision as constituting a precedent for other filers.

Relief Requested

The securities regulatory authority or regulator in the Jurisdiction has received an application from the Filer (the **Passport Application**) for a decision under the securities legislation of the Jurisdiction (the **Legislation**) extending the Filer's time-limited exemption of the Filer from:

- (a) the prospectus requirements under the Legislation in respect of the Filer entering into Crypto Contracts with clients to purchase, hold, sell, deposit, and withdraw Crypto Assets (the **Prospectus Relief**); and
- (b) the requirement in section 13.3 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (**NI 31-103**), before it opens an account, takes investment action for a client, or makes a recommendation or exercises discretion to take investment action, to determine on a reasonable basis that the action is suitable for the client (the **Suitability Relief**).

The securities regulatory authority or regulator in the Jurisdiction and each of the other jurisdictions referred to in Appendix A (collectively, the **Coordinated Review Decision Makers**) have received an application from the Filer (collectively with the Passport Application, the **Application**) for a decision under the securities legislation of those jurisdictions exempting the Filer from certain reporting requirements under the Local Trade Reporting Rules (as defined in Appendix A) (the **Trade Reporting Relief**, and together with the Prospectus Relief and the Suitability Relief, the **Requested Relief**).

Under the Process for Exemptive Relief Applications in Multiple Jurisdictions (for a hybrid application):

- (a) the Ontario Securities Commission is the principal regulator for the Application (the **Principal Regulator**);
- (b) in respect of the Prospectus Relief and the Suitability Relief, the Filer has provided notice that, in the jurisdictions where required, subsection 4.7(1) of Multilateral Instrument 11-102 *Passport System* (**MI 11-102**) is intended to be relied upon in each of the other provinces and territories of Canada (the **Non-Principal Jurisdictions**, and, together with the Jurisdiction, the **Applicable Jurisdictions**); and

- (c) the decision in respect of the Trade Reporting Relief is the decision of the Principal Regulator and evidences the decision of each Coordinated Review Decision Maker.

Interpretation

Terms defined in National Instrument 14-101 *Definitions*, MI 11-102, Canadian securities legislation or the Prior Decision have the same meaning if used in this Decision, unless otherwise defined.

Representations

This Decision is based on the following facts represented by the Filer:

1. The Filer is a corporation incorporated under the federal laws of Canada with its principal and head office in Toronto, Ontario.
2. The Filer operates under the business name of “VirgoCX”.
3. The Filer is a wholly owned subsidiary of VirgoCX Global Holdings Inc. (**VGHI**).
4. The Filer and VGHI do not have any securities listed or quoted on an exchange or marketplace in any jurisdiction inside or outside of Canada.
5. The Filer is registered as a dealer in the category of restricted dealer with the Applicable Jurisdictions.
6. The Filer is registered as a money services business (**MSB**) under regulations made under the *Proceeds of Crime (Money Laundering) and Terrorist Financing Act (Canada)* (**Canadian AML/ATF Law**).
7. The Filer’s personnel consist of software engineers, compliance professionals and client support representatives who have experience operating in a regulated financial services environment as an MSB and/or expertise in blockchain technology. All of the Filer’s personnel have passed criminal records checks and new personnel joining the Filer after May 30, 2022 will have passed criminal records and credit checks. The Filer does not have any dealing representatives.
8. On May 30, 2022, the Filer was granted relief from certain prospectus, trade reporting and suitability requirements applicable to the Filer in connection with the operation of the Platform, subject to certain terms and conditions. The relief was varied and extended on May 30, 2024 until January 31, 2025 in the Prior Decision.
9. The Filer originally submitted its membership application to CIRO on May 30, 2023 and submitted amended membership applications to CIRO on December 19, 2023 and October 30, 2024.
10. The Filer’s application dated October 30, 2024 demonstrated that the Filer has worked actively and diligently to address certain threshold issues that had been identified by CIRO staff in connection with the Filer’s prior applications. However, on November 22, 2024, CIRO provided written notice to the Filer of certain deficiencies which require remediation before the application can be accepted by CIRO for review.

11. The Filer met with CIRO Staff to discuss the Filer's proposed approach for remediating the deficiencies, including revising the calculation of risk-adjusted capital in accordance with CIRO Form 1, strengthening the Filer's compliance function by engaging additional qualified personnel and enhancing the Filer's policies and procedures. The Filer has taken significant steps toward addressing these deficiencies, including by retaining experienced consultants in December 2024, hiring a new Chief Compliance Officer who commenced his role on January 6, 2025 and engaging in a search for additional qualified personnel.
12. Based on the timeframes agreed upon with the Filer's compliance consultants for completion of their work, and allowing for further review by the Filer's professional advisors prior to finalizing all materials, the Filer expects to re-submit its application to CIRO on February 14, 2025 (the **Updated CIRO Application**).
13. Following the filing of the Updated CIRO Application, the Filer will continue to work actively and diligently with CIRO to complete the CIRO membership process.
14. The Filer has provided and will continue to provide the Principal Regulator with regular and timely updates relating to the Filer's CIRO membership process.
15. This Decision is based on the same representations as were made by the Filer in the Prior Decision, which remain true and complete to the extent not modified by the representations in this Decision.

- (4) If the Filer uses the term “stablecoin” or “stablecoins” in any information, communication, advertising or social media related to the Platform and targeted at or accessible by Canadian investors, the Filer will also include the following statement (or a link to the following statement when impractical to include):

“Although the term “stablecoin” is commonly used, there is no guarantee that the asset will maintain a stable value in relation to the value of the reference asset when traded on secondary markets or that the reserve of assets, if there is one, will be adequate to satisfy all redemptions.”
- (5) The issuer of the Value-Referenced Crypto Asset has filed an undertaking in substantially the same form as set out in Appendix B of CSA Notice 21-333 *Crypto Asset Trading Platforms: Terms and Conditions for Trading Value-Referenced Crypto Assets with Clients (CSA SN 21-333)* and the undertaking is posted on the CSA website.

- (8) The Filer has policies and procedures to facilitate halting or suspending deposits or purchases of the Value-Referenced Crypto Asset, or Crypto Contracts in respect of the Value-Referenced Crypto Asset, as quickly as is commercially reasonable, if the Value-Referenced Crypto Asset no longer satisfies the criteria in sections (1), (2), (5) and (6) of this Appendix.
- (9) In this Appendix, terms have the same meanings set out in Appendix D of CSA SN 21-333.
