

**Notice and Request for Comment****Adoption of a T+2 Settlement Cycle  
for Conventional Mutual Funds****Proposed Amendments to  
National Instrument 81-102 *Investment Funds***

April 27, 2017

**Introduction**

The Canadian Securities Administrators, other than the British Columbia Securities Commission<sup>1</sup>, (the **CSA** or **we**) are publishing for a 90-day comment period proposed amendments to National Instrument 81-102 *Investment Funds* (**NI 81-102**) and a consequential amendment to National Instrument 81-104 *Commodity Pools* (**NI 81-104**) to shorten the standard settlement cycle for conventional mutual funds<sup>2</sup> from three days after the date of a trade (**T+3**) to two days after the date of a trade (**T+2**) (the **Proposed Amendments**).

We are also providing guidance to conventional mutual funds regarding their expected adoption of a T+2 settlement cycle in light of the adoption of a T+2 settlement cycle in equity and long-term debt markets.

**Substance and Purpose**

On September 5, 2017, markets in the United States are expected to move to a T+2 settlement cycle. As it is in the public interest for Canadian market participants to match U.S. settlement cycles, the CSA is publishing, concurrently with this Notice, a Notice of Amendments that would harmonize settlement cycles to T+2 in Canada for equity and long-term debt markets and amend National Instrument 24-101 *Institutional Trade Matching and Settlement* (**NI 24-101**) (the **NI 24-101 Amendments**) to coincide with the adoption of a T+2 settlement cycle in the United States. Please see CSA *Notice Amendments to National Instrument 24-101 Institutional Trade Matching and Settlement and Changes to Companion Policy 24-101 Institutional Trade Matching and Settlement*.

A trade in a security of a conventional mutual fund is not subject to NI 24-101. However, the underlying equity and long-term debt securities owned by conventional mutual funds are subject to NI 24-101 and would settle at T+2.

Under NI 81-102, conventional mutual fund settlement must follow the requirements below (the **Current Requirements**):

- Cash received by a dealer or principal distributor for payment of a mutual fund security must be forwarded to the order receipt office of the mutual fund *as soon as practicable* and in any event no later than the third business day after the pricing date (subsection 9.4(1) of NI 81-102);
- Payment of the issue price of a security must be made on or before the third business day after the pricing date (subsection 9.4(2) of NI 81-102);

<sup>1</sup> While the British Columbia Securities Commission is not an authority publishing the Proposed Amendments under this Notice, it anticipates that, subject to receiving the necessary approvals, it will, in the near future, publish for comment proposed amendments that will be consistent with the Proposed Amendments described in this Notice.

<sup>2</sup> A conventional mutual fund is a mutual fund that offers securities in continuous distribution under a simplified prospectus in accordance with National Instrument 81-101 *Mutual Fund Prospectus Disclosure*.

- In the event that payment is not received by the third business day after the pricing date of the security, the mutual fund must redeem the securities to which the purchase order pertains as if it had received an order for the redemption of the securities on the fourth business day after the pricing date or on the date the mutual fund first knows that the method of payment will not be honoured (subsection 9.4(4) of NI 81-102); and
- A mutual fund must pay the redemption proceeds for securities once a redemption order has been received within three business days after the date of calculation of the net asset value per security used in establishing the redemption price (subsection 10.4(1) of NI 81-102).

We note that this language is broad enough to permit conventional mutual funds to adopt a T+2 settlement cycle.

### **Guidance on the transition to a T+2 settlement cycle**

Given that the standard settlement cycle for equity and long-term debt market trades in Canada is being shortened from T+3 to T+2, we are of the view that the requirement for a dealer or principal distributor to forward the cash or securities received for payment of the issue price of securities of a mutual fund to the mutual fund as soon as practicable would require conventional mutual funds to adopt a T+2 settlement cycle on the coming into force of the NI 24-101 Amendments, currently expected on September 5, 2017.

Additionally, with the Proposed Amendments, we wish to codify the expectation that conventional mutual funds will settle on T+2 to remove any possibility of confusion.

### **Summary of the Proposed Amendments**

The Proposed Amendments amend sections 9.4 and 10.4 of NI 81-102 so as to remove references to a T+3 settlement cycle and replace them with references to a T+2 settlement cycle. The Proposed Amendments also amend paragraph 9.4(4)(a) of NI 81-102 so as to require a mutual fund, in the case where payment of the issue price of the securities has not been received, to redeem the securities on the third business day after the pricing date, rather than on the fourth. Furthermore, a consequential amendment will be made to section 6.3 of NI 81-104 to harmonize it with the new proposed wording of section 10.4 of NI 81-102.

### **Transition**

Subject to the rule approval process, we anticipate publishing final rules aimed at implementing the Proposed Amendments in the late Summer of 2017 (**Publication Date**). We anticipate the Proposed Amendments will be proclaimed into force expeditiously after the Publication Date (**In Force Date**). After the In Force Date, the T+3 settlement cycle for conventional mutual funds will be replaced by a T+2 settlement cycle.

### **Local Matters**

Certain jurisdictions are publishing other information required by local securities legislation. In Ontario, this information is contained in Annex E of this Notice.
